### **The School of Homely Learning**

#### **Outcome of follow-up visit relating to the Independent School Standards (Wales) Regulations 2024**

At the follow-up to registration in December 2024, the school was found not to be fully compliant with the following standard:

Standard 3: The welfare, health and safety of pupils (regulations 3(17) and 3(18))

Since that inspection, school leaders have taken effective action to address the areas of non-compliance.

They have ensured that admission and attendance registers are now maintained in line with Welsh Government guidance. In addition, they have strengthened procedures to ensure that all policies and strategies are regularly reviewed and updated as appropriate. A written record is now kept of the dates when each policy and strategy has been reviewed and revised.

As a result, there is no longer any evidence that the school is not compliant with Standard 3 of the Independent School Standards (Wales) Regulations 2024.

Yours sincerely
